Awards

Congratulations to Nathan Helder, president of Jan Gelderman Landscaping in Waterdown on receiving the Flamborough Chamber of Commerce Green Award at their Annual Outstanding Business Awards.

This is what Executive Director Tony DiGiovanni of Landscape Ontario had to say: "In a very short time Nathan Helder has made a long-lasting positive impression on his peers at Landscape Ontario Horticultural Trades Association. As the Chair of the Environmental Stewardship Committee, he coordinated efforts to 'green the green industry.' Nathan and his committee have developed an Environmental Scorecard that has been used by other associations across Canada. Recently I received a request from a professor at a North Carolina university to copy the Scorecard." □
