RE: Testimonial

I have personally been dealing with Gelderman Landscaping for the past 5 years. Since they started serving the landscape and snow removal needs of the company, I have never had to worry about a good job well done. We are always complemented by customers and visitors on how beautiful and well kept the grounds look. Gelderman's take care of all the needs of our 3 locations.

We always have peace of mind knowing that the parking lots are cleared before we are open for business, and in this industry, this is of outmost importance. They are very sensitive to the industry and the needs of the company, always making sure they are not in the way of a funeral service.

Gelderman's employees have always been very professional to deal with, no matter what your request is, it is done with promptness, care and respect.

I look forward to dealing with Gelderman's for many more years to come.

Respectfully,  
BAY GARDENS FUNERAL HOME INC.
